

BAŞKENT
UNIVERSITY

TURKISH LANGUAGE EDUCATION, APPLICATION AND RESEARCH CENTER *Introduction Guide*

Start with Words, Grow with Culture, Open to the World through Turkish!

ABOUT US

Understanding a multicultural world requires recognizing different cultures and being able to empathize with them. Today, learning a language means not only being able to communicate but also thinking in that language and understanding its culture.

In line with this understanding and in accordance with a pioneering vision that meets the requirements of the modern age, Baškent University has established **BAŞKENT-BÜTEM**.

Since 2013, our center has been providing reliable and modern Turkish language education to international students from all around the world, supporting them in becoming active and successful individuals in academic, professional, and social life.

Our Main Objectives

- To determine international students' Turkish proficiency levels using scientific assessment methods
- To provide internationally recognized Turkish proficiency certificates to institutions and individuals
- To position Turkish as a strong bridge for intercultural interaction

Why BAŞKENT-BÜTEM?

Modern Language Teaching Approach

- A skill-based, progressive course system from A1 to C1 levels
- Balanced development of the four core language skills
- Student-centered and interactive learning environment
- Active use of modern educational technologies

Language Learning Beyond the Classroom

- Education supported by social activities and cultural excursions
- Opportunities for natural language practice in daily life
- A holistic approach that ensures lasting and functional language development

Modern Campus Environment

- A vibrant campus with rich social facilities
- Natural communication opportunities with Turkish students
- Interactive and high-quality learning environment

Expert Academic Staff

- Courses taught by experienced academic professionals
- Scientific and contemporary teaching methods

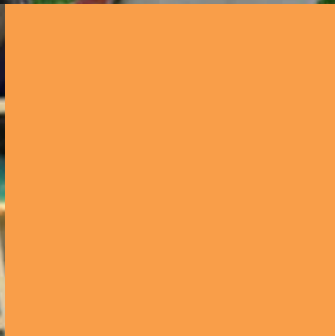

Our Turkish Language Program

Our Turkish language teaching programs are structured in accordance with CEFR standards and aim to develop students' language skills in a balanced way.

Students' language proficiency is assessed through a placement test, and they are enrolled in the course level that best suits their abilities.

Learning Modules

- Academic Turkish – Communication in academic settings
- Professional Turkish – Language for workplace and careers
- Daily Turkish – Social and everyday communication skills
